"Cancer... I don't have time for that"

Evaluating an Intervention Program to Help Young Adults Dealing with Cancer: A Research Study.

We are seeking:

18 -39 year olds (males and females) who have been recently diagnosed with cancer, or are undergoing treatment for cancer, or are done with treatment

What will I gain from participating in this research study?

(1) The opportunity to have 3 private 'one on one' hour sessions with a senior clinical psychologist/intern:

Session 1: "Boxing" the cancer

- Learn how to put the cancer in a "box", build your resilience and live your own life

Session 2: "Hey, It's still the same me"

- Learn how to deal with other's reactions and stay connected

Session 3: "Sex, Fertility, Relationships and everything in between"

- Find out about how to deal with the changes

Sessions are tailored to fit your needs: What **you want to talk about**

RESEARCH ETHICS
13 SEP 2010
APPROVED
INITIAL

(2) Additionally, You will be compensated **$100** for your time

The study involves filling-out some questionnaires.
Confidentiality and anonymity will be respected at all times.

Where?

Sessions will take place at the Jewish General Hospital (JGH) in Montreal.
Do you live far? No problem. Ask us about having the 3 sessions via the internet(Skype)

Are you interested? Want more details?

Please call Samantha Eidinger, Research Assistant, at 514 340-8222 ext. 6865
